ACADEMICS					
STATE AND FEDERAL ACCOUNTABILITY					
	ESEA Designation	ESSA compliance is a requirement of all public schools.	Meets all requirements of Federal programs	Notification by DESE LEA or school is out of ; Self monitoring checklists provided to DESE;	100% in Compliance = Meets Out of Compliance in one area = Does Not Meet Out of Compliance with 2 or more areas = Far Below Standard
	State Rating	While charter schools are held accountable to their performance contract instead of the Missouri School Improvement Plan, state law requires all LEA's to have Annual Performance Report	MSIP 2019 Manual	https://apps.dese.mo.gov/MCDS/home.aspx	90% or higher = Exceeds 70% or above = Meets 50%-69% = Partially Meets 49% or below = Far below Standard
STUDENT ACADEMIC PROFICIENCY					
	Proficiency (Status) – English (All)	Charter schools should ultimately be held accountable for how well students master fundamental skills and content, specifically in English and math. Percentage of students in grades 3-8th and in appropriate high school end of course exams testing Proficient or Advanced on the English sections of the MAP test.	See calculation link in State Rating	Proficient and Advance percentage compared to state average	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard
	Proficiency – English (Subgroups)	Percentage of students in federally recognized sub-groups, in grades 3-8th and in appropriate high school end of course exams testing Proficient or Advanced on the English sections of the MAP test	See calculation link in State Rating	Proficient and Advance percentage calculated by DESE	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard
	Proficiency Comparison – English	Local district comparisons of the percentage of students in grades 3-8th and in appropriate high school end of course exams testing Proficient or Advanced on the English sections of the MAP test	Comparison of MPI for grade levels served by charter and by local district	MPI calculation by DESE	Exceeds local district and is On Track or better = Exceeds Equal or exceeds local district comparison but not On Track= Meets Below District but On Track = Partially Meetings Below District not On Track = Far Below Standards
	Proficiency – Math (All)	Percentage of students in grades 3-8th and in appropriate high school end of course exams testing Proficient or Advanced on the Math sections of the MAP test.	See calculation link in State Rating	Proficient and Advance percentage compared to state average	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard
	Proficiency – Math (Subgroups)	Percentage of students in federally recognized sub-groups, in grades 3-8th and in appropriate high school end of course exams testing Proficient or Advanced on the Math sections of the MAP test	See calculation link in State Rating	Proficient and Advance percentage calculated by DESE	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard
	Proficiency Comparison – Math	State and local district comparisons of the percentage of students in grades 3-8th and in appropriate high school end of course exams testing Proficient or Advanced on the Math sections of the MAP test	Comparison of MPI for grade levels served by charter and by local district	MPI calculation by DESE	Exceeds local district and is On Track or better = Exceeds Equal or exceeds local district comparison but not On Track= Meets Below District but On Track = Partially Meetings Below District not On Track = Far Below Standards
	Proficiency – Science (All)	Percentage of students in grades 5th and 8th and in appropriate high school end of course exams testing Proficient or Advanced on the Science sections of the MAP test	See calculation link in State Rating	Proficient and Advance percentage compared to state average	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard
	Proficiency – Science (Subgroups)	Percentage of students in federally recognized sub-groups, in grades 5th and 8th and in appropriate high school end of course exams testing Proficient or Advanced on the Science sections of the MAP test	See calculation link in State Rating	Proficient and Advance percentage calculated by DESE	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard

	Proficiency Comparison – Science	State and local district comparisons of the percentage of students in grades 5th and 8th and in appropriate high school end of course exams testing Proficient or Advanced on the Science sections of the MAP test	Comparison of MPI for grade levels served by charter and by local district	MPI calculation by DESE	Exceeds local district and is On Track or better = Exceeds Equal or exceeds local district comparison but not On Track= Meets Below District but On Track = Partially Meetings Below District not On Track = Far Below Standards
	Proficiency – Social Studies (All)	Percentage of students in US government End of Course exam testing Proficient or Advanced	See calculation link in State Rating	Proficient and Advance percentage compared to state average	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard
	Proficiency – Social Studies (Subgroups)	Percentage of students in federally recognized sub-groups, Proficient or Advanced on US Government EOC exam	See calculation link in State Rating	Proficient and Advance percentage calculated by DESE	Exceeding = Exceeds On Track = Meets Approaching = Partially Meets Floor = Far Below Standard
	Proficiency Comparison – Social Studies	State and local district comparisons of the percentage of students testing Proficient or Advanced on the Social Studies sections of the US Government EOC test	Comparison of MPI for grade levels served by charter and by local district	MPI calculation by DESE	Exceeds local district and is On Track or better = Exceeds Equal or exceeds local district comparison but not On Track= Meets Below District but On Track = Partially Meetings Below District not On Track = Far Below Standards
STUDENT ACADEMIC GROWTH					
	Growth – MAP English (All)	Percentage of students that have grown one year or more, in grades 3rd through 8th grade on the English sections of the MAP test	State Normal Curve Equivalent calculations for students who have taken the MAP test at least two consecutive years	NCE calculation by DESE	Exceeding = Exceeds On Track = Meets Floor = Far Below Standard
	Growth – MAP English (Subgroups)	Percentage of students in federally recognized subgroups, that have grown one year or more, in grades 3rd through 8th grade on the English sections of the MAP test.	State Normal Curve Equivalent calculations for students who have taken the MAP test at least two consecutive years	NCE calculation by DESE	Exceeding = Exceeds On Track = Meets Floor = Far Below Standard
	Growth –MAP Math (All)	Percentage of students that have grown one year or more, in grades 3rd through 8th grade on the Math sections of the MAP test	State Normal Curve Equivalent calculations for students who have taken the MAP test at least two consecutive years	NCE calculation by DESE	Exceeding = Exceeds On Track = Meets Floor = Far Below Standard
	Growth – MAP Math (Subgroups)	Percentage of students in federally recognized subgroups, that have grown one year or more, in grades 3rd through 8th grade on the Math sections of the MAP test	State Normal Curve Equivalent calculations for students who have taken the MAP test at least two consecutive years	NCE calculation by DESE	Exceeding = Exceeds On Track = Meets Floor = Far Below Standard
POSTSECONDARY READINESS (HIGH SCHOOLS ONLY)					
	Graduation Rate	Percentage of students graduating from high school in 4 years	Percentage of 9th grade cohort graduating in 4 years as reported to DESE or a similar matric mutually agreed upon by school and MCPSC	MOSIS reported data to DESE	Target=Exceeding, unless there is a mutually agreed upon by school and MCPSC target On Target = Meets unless there is a mutually agreed upon by school and MCPSC target Approaching = Partially Meets unless there is a mutually agreed upon by school and MCPSC target Floor = Far Below Standard unless there is a mutually agreed upon by school and MCPSC target
	Post-Secondary Matriculation Rate	Percentage of students enrolled in post-secondary training or college	School determines state approved assessments it will administer	MOSIS reported data to DESE verified by third party assessment agencies	Target=Exceeding, unless there is a mutually agreed upon by school and MCPSC target On Target = Meets unless there is a mutually agreed upon by school and MCPSC target Approaching = Partially Meets unless there is a mutually agreed upon by school and MCPSC target Floor = Far Below Standard unless there is a mutually agreed upon by school and MCPSC target

CATEGORY	INDICATORS AND MEASURES	DEFINITION	METRIC	EVIDENCE	TARGET
	College/Career Readiness Assessment Performance	Percentage of students testing at state standard or demonstrated proficiency on any department-approved measure(s) of college and career readiness, for example, the ACT®, SAT®, COMPASS®, or Armed Services Vocational Aptitude Battery (ASVAB)	Meets or exceeds the state standard or demonstrates required improvement	Reported eligible, participating and meets/exceeds students submitted by third party to DESE	Target=Exceeding, unless there is a mutually agreed upon by school and MCPSC target On Target = Meets unless there is a mutually agreed upon by school and MCPSC target Approaching = Partially Meets unless there is a mutually agreed upon by school and MCPSC target Floor = Far Below Standard unless there is a mutually agreed upon by school and MCPSC target
SCHOOL-SPECIFIC ACADEMIC MEASURES (IF APPLICABLE)					
	Mission-Specific Academic Goal(s)	Agreed to by school and MCPSC and included in performance contract	Must be valid, reliable, measurable, and quantifiable	Third party evidence preferred; self reported evidence when agreed upon by MCPSC	Mutually agreed upon by school and MCPSC
	Additional Academic Performance Measures	Agreed to by school and MCPSC and included in performance contract	Must be valid, reliable, measurable, and quantifiable	Third party evidence preferred; self reported evidence when agreed upon by MCPSC	Mutually agreed upon by school and MCPSC
FINANCE					
NEAR-TERM MEASURES					
	Percentage Fund Balance	The difference between fund assets and fund liabilities.	(Assets-Expenses)/Expenses	Audited financials and ASBR	Meets State Statue = 3% Far Below Standard = Less than 3%
	Current Ratio	Ration of Current Assets to Current Liabilities, the ability of the school to pay its obligations.	Current Assets divided by Current Liabilities	Final Board approved year end balance sheet until audited balance sheet has been approved	Meets = 1.1 or > OR 1.0-1.1 and current year positive Does Not Meet = .09-.99 or 1.0-1 and current year is negative Far Below Standard .09 or below
	Unrestricted Days Cash on Hand	Number of days a school can pay its expenses without another inflow of cash	Total Unrestricted Cash/[(Total Expenses-Depreciation)/365]	Final Board approved balance sheet and income statements until audited statements are approved	Meets= Yr 1 & 2 - 30 days for schools; Yr 3-9 - 60 days or 30 days + positive 1 year trend; Year 10 - 90 days or 60 days+ positive 1 year trend Does Not Meet= Yr 1 & 2 - 16-29 days; Yr 3-9 - 31-59 days or 30 days + negative 1 year trend; Year 10 - 61-89 days or 60 days+ negative 1 year trend Far Below Standard= Yr 1 & 2 -15 days or less; Yr 3-9 - 30 days or less; Year 10 - 59 days or less
	Enrollment Variance	Actual vs projected enrollment	Actual Enrollment divided by Board Approved Projected Enrollment (In Performance Contract)	Board approved budget based enrollment, performance contract enrollment, ADA from MOSIS	Meets = Schools in years 1 or 2, less than 10% variance / Meets = Schools in year 3 or more less than 5% variance Does Not Meet = 85-90% (1 or 2 year)/95-85% Far Below Standard = less than 85%
	Debt Default	Has school met debt obligations or covenants	Number of loan payments missed or loaned default	Notes to audited financial statements; board minutes	Meets = No defaults Does Not Meet = 2 months payments missed Far Below Standard = 3 or more payments missed, more than one loan with missed payment or a load default
SUSTAINABILITY MEASURES					
	Total Margin	Measures risk of closure due to expenses over revenues; measures if school is building reserve	Net income divided by total revenue	Year end board approved income statement until audited financial statements are approved	Meets = Positive Does Not Meet = Less than zero and greater than -10% Far Below Standard = Less than -10%
	Aggregated Three-Year Total Margin	Long term sustainability of school in building reserve	Sum of net income the last three years divided by the sum of the revenues last three years	Three years of audited financials	Meets = Positive three year, with the last year positive Does Not Meet = Greater than -1.5% and three (3) years positive Far Below Standard = Less than -1.5%
	Debt to Asset Ratio	Compares the school's liabilities to its assets; measures the reliance on debt to finance operations	Total Liabilities divided by Total Assets	Three years of audited financials (or two years audited financials and third year board approved financial statements, until audit is complete)	Meets = Less than .09 Does not Meet = Greater than -1.5% and three (3) years positive Far Below Standard = greater than 1

CATEGORY	INDICATORS AND MEASURES	DEFINITION	METRIC	EVIDENCE	TARGET
	Cash Flow	Change in cash balance over three years and change over two years measures stability	Year 3 Total Cash less Year 1 Total Cash & Year 2 total Cash less Year 1 Total Cash	Audited financials	Meets = Three year is Positive/ Two of three and last year positive Does Not Meet = Three year positive but last year not Far Below Standard = Three year negative
	Debt Service Coverage Ratio	Measures schools ability to cover its debt obligations	(Net Income + Depreciations + Interest Expenses)/(Annual Principal, Interest, and Lease Payments)	Audited income statement, cash flow statement, plus annual principal and interest provided by school (board minutes or submission)	Meets = 1.1 or greater Does Not Meet = Less than 1.1
FINANCIAL MANAGEMENT AND OVERSIGHT					
	Meeting financial reporting and compliance requirements	Submission of accurate and timely materials	Epicenter; board minutes; MOSIS; School Finance submissions are accurate and on time	ASBR, GAAP, EGAR compliant; board meeting minutes	Meets = 100% compliant with contract and laws; DESE reports mandated programs are in compliance Does Not Meet = 90% compliant with contract and laws/DESE mandated programs Far Below Standard = Less than 90% compliant and/or fails to comply with intervention requirements to meet compliance
